

# Online Platform

Direct market access to live rates, convenient and available 24/7.

Make payments online, 24/7, at great currency exchange rates and NO transfer fees.

Whether you need to convert currency, send international payments to overseas suppliers, or receive international currency payments, our online platform makes it easy.

## Multi-currency accounts

Collect foreign currency receivables in 25+ currencies and transfer funds you have pre-bought from one simple online account.

## ADVANTAGES:

### Fast cross-border payments

Send payments online, anytime, to your chosen beneficiary in seconds.

### Reduce uncertainty

Lock-in your preferred real-time exchange rate and protect against currency fluctuation and market volatility.

### Batch payments simplified

Make timely, accurate payments with no need for manual data entry or record keeping. Generate automated reports and track payments online.

### Protect your funds from risk

Secure your cash flow against adverse market movements by using forward contracts and market orders to manage currency exposure.

Our online platform gives you instant access to the currency markets allowing you to increase the efficiency of your payments and reduce the risk of doing business internationally.
